Nokta "The Legend" v2

Brand: Nokta Detectors
Product Code: NKT-LEGEND
Availability: 1

Price: Fr. 589.00

Ex Tax: Fr. 544.87

Short Description

New version! Nokta's first simultaneous multi frequency metal detector The LEGEND is loaded with features that makes it the best multi-purpose detector, adaptable for all types of targets and ground conditions.

Description

Nokta's first simultaneous multi frequency metal detector The LEGEND is loaded with features that makes it the best multi-purpose detector, adaptable for all types of targets and ground conditions.

This "legendary" metal detector offers exceptional performance in the toughest conditions in its world-praised robust and waterproof design and comes at a price that sets a new standard in the industry.

Its depth and advanced discrimination capability in trashy sites along with its silent and stable operation on the beach and underwater will captivate all land and beach hunters.

The LEGEND is equipped with specifications that are suitable also for gold prospectors to be able detect those small gold nuggets in highly mineralized gold fields.

Package Content

1 - System Box
2 - Waterproof DD Search Coil 28cm / 11" (LG28) & Cover
3 - Waterproof DD Search Coil 15cm / 6" (LG15) ?& Cover - *The Legend PRO Pack Only*
4 - Waterproof Replaceable Spare Battery & Charger - *The Legend PRO Pack Only*
5 - Headphones Adapter (6.3mm 1/4") - *The Legend STD Pack Only*
6 - Bluetooth aptX™ Low Latency Headphones - *The Legend PRO Pack ?& WHP Only*
7 - The LEGEND Cap
8 - USB Charging & Data Cable
9 - Headphones Soft Case - *The Legend PRO Pack ?& WHP Only*

Specifications

Communication specs	
Communication Coil Display Unit	Waterproof Cable
Connection Display Unit > Headphones	Cable or Qualcomm Bluetooth aptX™
Data transmission	Updates via USB Cable
Satellite Navigation	no GPS module

Construction / technical data	
Battery level display	Yes, 5 Levels
Built-in Work Lamp	Yes
Dimensions LxWxD	Length 63cm - 132cm (25
Display type	LCD
Display with Backlight	Yes, 5 Levels, constant or automatic
Keyboard Illumination	No
Operational Time with Battery	8 - 20 hours
Rechargeable Battery	LiPo 3.7 V, 5.5 Ah, 20.4 Wh
Weight	1.4 kg incl. DD30-Coil 30x23 cm
Environmental conditions	
Intended use	Professional, semi-professional
Leak tightness	Waterproof IP68, 3m (diving possible)
Conditions	
Software Updates available	Yes, over the Internet, for free
Warranty	3 years by Nokta, Shipping Cost not included
Detection	
Channels per Frequency Band	13 Channels
Detection depth large objects	up to 150 cm
Detection depth small objects	about 40 cm
Display of iron content in object	Yes, 10 step balance display
Display of the object conductance	Yes, 60 steps
Display of the object's depth position	Yes, 5 steps
Frequency Bands	4, 10, 15, 20, 40 kHz
Metal Search Frequency Ranges	VLF and LW (very low frequency and long wave)
Notch filter	Yes
Pinpoint function	Yes
Search Coils	Waterproof DD30-Coil 30x23 cm
Search Modes	8, 4 preset: Park / Field / Beach / Gold
Search Sensitivity Adjustment	Yes, 30 Steps
Simultan Multi Frequency Search	Yes, 3 simultaneous Frequencies or manual 1 single frequency

Soil conductivity adjustment	Automatic or manual
Suppression of unwanted conductance values	Yes, additional Supression Filter against Beverage Can Lids
Tones for conductance	1, 2, 4, 6 or 60 different tones
Vibration	Yes, 5 Levels
